SCHOOL CLAUSE

Said Not to Disqualify in the Township.

The afternoon of the county elections has caused some surprise. An effort to elect a member of the "salt" district will be made, and a count will be demanded in connection with the election of Rev. Colville of Phillips. The recent matter was decided upon last night at a caucus of the friends of Mr. Boyle, who ran against Colville. It will be necessary to put up a bond of \$100, and if the count takes the expense will be taken from this sum. Judge Butler will probably count the ballots.

The defendants signed a covenant of mortgage executed by themselves to plaintiffs on Feb. 11, 1912, for \$100,000, and since then \$250 of the principal has been paid off. Therefore the suit is for the amount still owing with interest to date. The action is listed for the supreme court of Ontario, high court division.

Tinker With Feds Will Cause Trouble

Brooklyn Is Starting to Worry and Want \$15,000 Cheque Returned.

New York, Jan. 7.—If Joe Tinker sticks to the Federal League, despite threatened court proceedings by the Brooklyn club, there will be a fine old row over the possession of the Brooklyn club, which was recently handed over to Garry Herrmann. In the absence of Ebbets, President Edward J. McKeever of the Brooklyn club says that the Cincinnati club must return the cheque if Tinker fails to report to Brooklyn; that the original agreement signed by Ebbets and Herrmann stipulated that \$15,000 should be paid to the Cincinnati club, which, in turn, should give \$9,000 to Tinker for signing with Brooklyn, the entire deal to depend on the latter's consent.

In view of the fact that Herrmann already has taken \$15,000 to Tinker, and that the Cincinnati club has been paid \$9,000 to Tinker, Herrmann already has taken \$15,000 to Tinker, and that the Cincinnati club has been paid \$9,000 to Tinker, Herrmann already has taken \$15,000 to Tinker, and that the Cincinnati club has been paid \$9,000 to Tinker.

The latest rumors from the Federal League involve the names of Pitcher Vinny of Brooklyn, Center Fielder Trummy Leach of the Cubs, Outfielder Harry Wright of the Giants, Outfielder Carey of the Pirates, and Pitcher Robinson of the Cardinals. The Feds declare that Vinny will sign with the new Pittsburgh club, that Leach will join the Chicago Cubs, and that Carey and Robinson will join the St. Louis Cardinals.

MAKE FIGHT IN NEXT ELECTION

Temperance Workers Angry Over "Three-Fifths"

SEVENTEEN WINS

In Local Option Fight Last Monday.

Toronto, Jan. 7.—While looking over the results of Monday's vote as a party balloted, if not defeated, owing to the three-fifths clause, the local option workers yesterday looked forward to even more aggressive campaigning in the future, some prophesying a stiff battle at the next general election.

An analysis of the vote from the figures supplied by the temperance party shows some interesting results. Two changes are made from the results published yesterday. At Alton and Buxley the local option by-law was defeated by the three-fifths clause, thus bringing the total defeats by this clause up to twenty. The victory in Flamboro West raises the number of successes of the local option party to seventeen.

The following summary is given:

WANTS PROVINCE-WIDE MEASURE

Mr. Rowell on Failure of Local Option.

OTHER REFORMS

Reviewed by Liberal Leader in Toronto.

Toronto, Jan. 7.—As a preface to a series of discussions on the different features of the Liberal platform in Ontario the Canada Forward Club last night listened to an able and interesting review of the various Provincial issues by Mr. N. W. Rowell, K.C., leader of the Opposition to the Local Legislation.

Mr. Rowell introduced his address by a courteous tribute to Sir James Whitney.

Dealing with the agricultural situation in Ontario, Mr. Rowell emphasized the need for righting a condition under which rural depopulation has decreased, production had diminished, and the two important educating influences, the rural churches and schools, were battling for an existence. He pointed out that rural had a great deal to learn in matters of agriculture from the old countries, of Europe, and even the United States, where rural life commissions had been doing important work in creating a new interest in farmers and farming.

The problem of the city, involving the housing question, the taxing of land values, rather than improvements, the workers' compensation law, and the administration of the present factory act, were treated by the speaker. An appeal was made for the examination of them by the younger generation in Ontario.

LOCAL OPTIONS SHORTCOMINGS.

The liquor traffic and his avowed policy to "abolish the bar" comprised the principal portion of Mr. Rowell's address. "While we have now 502 out of 825 municipalities without bars as the result of the local option measure," said he, "the voting yesterday affords a striking illustration of the utility and insufficiency of local option as a weapon for fighting the evils of the liquor traffic. The utility has been demonstrated by the 'large area of the Province which has been brought under its operation, but its insufficiency has been shown by the practical impossibility of bringing it into force in the larger centres of population."

The Liberals of Great Britain," continued Mr. Rowell, "recognize that in any effective programme of social reform, they must include dealing with the evils of the liquor traffic, and for many years they looked forward to the adoption of a local option law as the only feasible and effective method of curtailing these evils. But as the Right

Hon. Herbert Samuel, in his book of "Liberalism," has so well pointed out: 'It has been more clearly recognized that local option might prove an ineffective weapon, and be enforced most often in the localities where reform is needed most; for where the public houses have the greatest number of patrons, there also they are likely to find at the poll the greatest number of defenders.'

"The truth of this statement was most clearly demonstrated yesterday. In the seventeen municipalities which carried local option there were only twenty-four licenses. In the larger cities it would be still more difficult to bring local option into force. Yet in those places where local option was defeated, or where it was recognized as impracticable to bring into operation, the bars are the most numerous, the evils of the traffic most manifest, and the social and moral degradation resulting from the open bar most prejudicial to the community and the State."

A PROVINCE-WIDE MEASURE.

"Unless, therefore, we are prepared practically to concede to the liquor traffic its right to maintain the open bar, with all its abuses, in our chief centres of population, as well as in a large number of the smaller cities and towns of the Province, with them to go the greatest abolition of the retail sale of liquor in nine-tenths of the municipalities of the Province and local option would continue, under which the remaining one-tenth might wipe out the residue of the traffic, where the electors so desired, by a majority vote."

"Without discussing the merits or demerits of the three-fifths requirement," concluded the speaker, "yesterday's vote is a striking illustration of how effectively it has accomplished the object desired by the liquor interests when it was enacted as an amendment to the local option law. Out of 121 licenses condemned by the vote of the people, the liquor interests saved ninety-seven by the three-fifths requirement."

THE EAST END INCLINE.

To the Editor of the Times: Sir—I would like to lay before your readers a few facts in connection with the above. The incline went out of commission about the 12th of October last, nearly three months ago. On the fifth day of November following, Mr. J. C. Royce, the engineer of the Railway and Municipal Board made a report of the condition of the incline. On the 11th of November the Board of Control authorized the City Solicitor to make an application to the Ontario Railway and Municipal Board for an order directing the Hamilton Mountain Park company to put the incline in a safe condition and to operate said incline Railway for the accommodation of the public, away from the work for the day. The application came before the Board on the 24th of November.

The Board of Control to inspect the incline and to report on the same. On the 24th of November, 1913, the Board's engineer reported to the Board and by the order of the Board, dated the 16th December, 1913, the Hamilton Mountain Park Company were ordered to commence and thereafter continuously carry on the reconstruction of the said incline railway according to the plans and specifications submitted to the Board and the same to be completed and ready for operation within 4 weeks from the date of the order. Leave was given in the order for the city to apply to the Board if the work was not being done with due expedition or if the said incline was not ready for operation within the 4 weeks. The 4 weeks allowed by the Board's order expired Wednesday, the 7th of January, instant. The City engineer estimated that the work could be done in three weeks. The Railway Board's engineer gave the incline Company 4 weeks. The incline Company made no start for over a week after the date of the order and have since in a preliminary way done work thereon. It will be the 24th of May before the incline is running if it ever will be. It is now up to the Board of Control to take up the matter with no uncertain hand and lay the matter before the Railway Board and under their powers under the Railway act very few weeks will pass until the incline is running. The Board of Control has a duty on the hundreds of workers, men, women and children, who are compelled daily to travel up and down the incline, and it is the duty of the members of the Board of Control in their anti-election promises agreed to compel the Mountain Park Company to complete the incline as soon as possible. Will they redeem their promise at the first meeting of the Board of Control and have the matter

again laid before the Railway Board, when they are here on the 25th of January, instant, to have evidence on the Jokey Club and McKittrick cases? Three months is a long time to complete a job which can be done in 4 weeks and the end is far away yet.

NAPPED THREE COUNTERFEITERS

Alleged Spurious Money
Makers Caught in London.

WERE IN HAMILTON Spent Two Weeks Here on Leaving Toronto.

London, Ont., Jan. 6.—London detectives, after a hot chase through the city this morning captured the C. E. R. depot two young men and a young woman, whose homes are believed to be in Toronto, on a charge of having counterfeited money and circulated the spurious currency. The trio are Valentin Phillips, aged 24, and his wife, Catherine, aged 20, and a third man, aged 20, who is a carpenter, and his wife, Esther, aged 18.

They were taken to their addresses, where their belongings were found a letter, which has been delivered to the police, and a letter from the Toronto police, in June last. It was signed Herbert, and made an appointment with the man at the time of the capture.

One of the men was armed, with a .32 calibre revolver, and a number of cartridges. Their arrest was effected so speedily, however, that he had no time to make use of the weapon and he desisted.

They carried a couple of suit cases, one of which contained the plant with which they had produced Canadian half-dollar and one-dollar notes, and a small moulted flask, which they had used to make the spurious money. The plant was a small moulted flask, which they had used to make the spurious money.

Their capture was the result of a tip from a reliable source, and the police were able to track them down to their hideout in London.

The police are now holding the trio in custody, and are conducting a thorough investigation into their activities.

The trio are being held in custody, and are being kept in a cell in the police station.

THE PRESBYTERY Rev. W. H. Sedgwick Moderator for 1914

Rev. W. H. Sedgwick, pastor of Central Presbyterian Church, was elected Moderator of the Hamilton Presbytery at the first meeting of that body for the year 1914 yesterday morning.

Rev. Sedgwick has been an active worker in the presbytery for years, and his election to the chief office was not unexpected.

Rev. A. H. McGillivray was instructed to convey the greetings of the presbytery to the Presbyterian W.M.A., which meets in this city on January 27th.

In future the presbytery will take over the work of the city mission. This has formerly been in the hands of the laymen, and application will be made to the home mission committee of the General Assembly for the necessary financial assistance.

Rev. Dr. Drummond reported for the results to the General Assembly, and it was decided that the representation to the General Assembly should be reduced from one in five to one in ten.

The proposal to ordain a place on the part of presbyteries for assistant pastors was endorsed.

The congregations of the Presbyterian Church in West Flamboro and Lynden will be notified to appear before a special meeting of the presbytery, which will be held on January 27th.

Rev. S. W. Fisher, who has been his pastor for the past thirty years, will be leaving for his new home, West Flamboro, on January 27th.

The selection of a successor, which was announced at the session, which were entitled to nominate commissioners for the General Assembly, will be held on January 27th.

Even Requests Granted to Players

Baseball Fraternity Succeeds in Getting Mag nates to Make Concessions.

Cincinnati, Jan. 7.—Peace, goodwill and harmony, was the watchword at the long expected conference between the National Commission and the National Association of Professional Baseball Players, which opened here last night. The National Commission and the National Association agreed to grant eleven of the 17 requests of the players and to take the other six under consideration, with a probable suggested revision of the wording.

The most important request granted was that a ballplayer after he has been out of the major leagues for a year be given his unconditional release if no team in the major league desires his services. Six delegates from the fraternity committee of Ray Collins, Ed. Houlihan, John Henry, Jack Dabbs and Ben Rula, along with their president, Dave Rula, were heartily received by the managers. Governor Herrmann, who said that they were a fine looking bunch who would be welcome anywhere.

The players' request was as follows: When a player receives ten days' notice of unconditional release he shall be free to sign with any team immediately, the contract to run from the expiration of the 10 days' period. It was discussed three-quarters of an hour, and after the players' committee refused to permit the substitution by the committee of the "negotiate" after the words "shall be free to" was laid down to be taken up later.

The second request read—"National Association players shall receive ten days' notice before they can be released unconditionally." It was passed over for further consideration.

Request No. 3 reads—"When a player is transferred he shall be transferred subject to all the terms of his contract." Herrmann insisted that it would be doing the player a grave injury to pass this rule, but insisted that if the fraternity desired it the commission had no real objection. It was passed over for further consideration.

Request No. 4 reads—"After consideration of the list of requests made by the players' committee, the National Association shall be bound to grant all the requests which are reasonable and which do not conflict with the interests of the league." It was passed over for further consideration.

Request No. 5 reads—"When a player is transferred he shall be transferred subject to all the terms of his contract." Herrmann insisted that it would be doing the player a grave injury to pass this rule, but insisted that if the fraternity desired it the commission had no real objection. It was passed over for further consideration.

Tommy Dalie To Coach Chancemen

Old National League Catcher to Handle Team.

(By Times Special Wire.)
New York, Jan. 7.—Frank Chance has been looking for a veteran coach to handle the New York American League club's pitchers this year and this morning the acquisition of Tommy Dalie, at one time a leading National League catcher, was announced. Dalie has been signed by President Barstow of Chance's recommendation, and he will go to Boston, Mass., to assume his duties on March 1.

"The Baltimore club did not want to sign any players until after they had secured Frank Chance," said Kester today. "As soon as I signed my contract last night, the promoters gave me full authority to get in touch with the players, with the assurance that they would not be to the limit. Some of the club-owners in the major league will sign up when they see the players that have been signed by the federals. They already have enough players under contract to play with the Chicago Federals to make up a team. There will be a big sensation when the list of players is made known."

"I stated, there was no bargaining over figures. I simply stated my position in the matter what I thought my services were worth, and how the money should be paid. The terms were perfectly satisfactory to the Baltimore promoters. I then signed my contract, and was paid a good-sized sum in advance money. My salary is absolutely guaranteed. If the Federal League goes to go up tomorrow, I would not have to worry a bit about my salary."

Old Country Soccer Notes and Comment

Derby Has a Senation Over the Famous Captain Buckley.

Anderson paid for £50 to Derby about two or three seasons ago, is proving one of the few centre forwards of whom it can be said they are regulars.

Blackburn football enthusiasts have wholehearted admiration for the cleverness of Anderson, but he is even more highly thought of on opponents' territory.

Derby bond has no superior at about right at present. Now, this is all right for Derby and his club, but this is not all right for the other clubs. This is a lancehead's club. This is a lancehead's club. This is a lancehead's club.

When Billy Melrod would up he puts the other fellows to sleep. He is a regular. He is a regular. He is a regular.

The Sheffield United directors have decided to reinstate Evans, the club's international, at outside left, in place of Revell.

DERBY FOOTBALL SENSATION.
At the conclusion of the Newcastle match, Frank Buckley, the Derby captain and one of the best centre half-backs in Great Britain, informed his supporters that he would not kick a ball again for Derby County, and went so far as to say that he would not play for Aston Villa. It was said that the trouble is caused by a first place offer of £100,000 for the players' transfer to Buckley. In the first place, one or two of the players consider they ought to have been made captain in preference to Buckley. This sort of unpleasantness has been carried so far that the captain asked for anyone of the Derby County team to take the ball out, but none showed any desire to do so. The players' first desire appears to be to get Buckley to play. It won't be the South or Tyndes? Just see.

The English Wanderers' eleven that met Queen's Park at Hamilton on New Year's day included Tom Scott, F. C. Burn and T. T. Fitchie.

WATFORD HAVE BEEN anxious to secure Andrew Tynan, of Chelsea, and when matters were arranged, the club was approached on the matter, but refused to leave the player. "I am not taking any chances," said Andrew, "and I am taking no chances," and most people will agree with the canny Scot, for players are so comfortable with Chelsea that it takes a substantial inducement to lure them away from the fold.

Bert Hobson is as sound as a rock in the Sunderland defense. His tackling and kicking improves with every game he plays.

Millwall and Chelsea will draw the biggest gate in London in the first round of the cup next Saturday, if not financially, at least financially. A large section of the grand stand is priced at three shillings and five shillings a seat.

Tommy Dalie To Coach Chancemen
Old National League Catcher to Handle Team.

(By Times Special Wire.)
New York, Jan. 7.—Frank Chance has been looking for a veteran coach to handle the New York American League club's pitchers this year and this morning the acquisition of Tommy Dalie, at one time a leading National League catcher, was announced. Dalie has been signed by President Barstow of Chance's recommendation, and he will go to Boston, Mass., to assume his duties on March 1.

"The Baltimore club did not want to sign any players until after they had secured Frank Chance," said Kester today. "As soon as I signed my contract last night, the promoters gave me full authority to get in touch with the players, with the assurance that they would not be to the limit. Some of the club-owners in the major league will sign up when they see the players that have been signed by the federals. They already have enough players under contract to play with the Chicago Federals to make up a team. There will be a big sensation when the list of players is made known."

Foreign Office Denies His Removal From Mexico.

Washington Thinks He Will Soon Go, Though.

London, Jan. 6.—The Foreign Office emphatically denied today the report that Sir Lionel Duns, the British Minister to Mexico, is to be transferred. It was denied also that the Government intends to withdraw its envoy from Mexico.

CHANGING ITS MIND

Washington, Jan. 6.—Interest in the case of Sir Lionel Duns, British Minister to Mexico, is continuing to grow. The American policy in that country is understood to have been offensive to the Washington Government, was increased today with the report that the British Foreign Office had denied reports that Sir Lionel is to be transferred to the Legation at Rio de Janeiro.

The British denial has not lessened in the slightest degree the conviction

PRESS DOWN ON CROWN PRINCE

German Heir Reprimanded for Zaborn Telegram.

VON REUTER'S TRIAL

Military Were Very Unpopular in Alsace.

Berlin, Jan. 6.—Crown Prince Frederick William has again struck a blow at his own popularity. The telegram which he recently sent to Lieut.-General Denburg and Col. von Reuter commending their stand in the Zaborn affair being made today the subject of angry editorials of the leading Berlin newspapers.

The Liberal organs lament that the heir-apparent, in spite of his undoubted democracy, never ventures into politics without offending the popular sentiment. These newspapers call the latest appearance of the Crown Prince four grave mistakes, citing them as follows: The Crown Prince's attack on General Thoma's "Constitutional Social Party" at Breslau last June; his act in appointing the anti-British speech delivered by Herr von Heydendorff, the Conservative leader in the Reichstag, in November, 1911; his protest against the execution of Prince Louis August of Brunswick, and finally, his congratulatory message to the population of Alsace.

The last three cases are termed by the newspapers as "demonstrations" against the policy of the Imperial Government. The telegrams sent to the military commanders at Zaborn received approval in Conservative and military circles.

QUEEN MARIETTA RESIGNED

Strasbourg, Germany, Jan. 6.—Testimony much more favorable for the accused army officers was given at the court-martial today of the court martial on Col. von Reuter and Lieut. Schell, charged with making illegal arrests, with assault and disturbance of the peace during the clash between the military and civilians at Zaborn, Alsace, in November.

The evidence of officers of the regiment showed that there had been a tumult, with hostile and offensive cries against the soldiers, both before the arrests and while they were being carried out.

This testimony was flatly contradicted by the States Attorney of Zaborn and by other civilian officials, but was partially substantiated by the evidence of 28 of the men who had been arrested by the soldiers on Nov. 22, and who had spent a night in the cellar of the barracks. Most of these admitted that others in the crowd had uttered insulting remarks, but declared they themselves had not committed any of the offenses.

As Lieut. Baron von Forster, accompanied by two other officers, left the courtroom this evening he was followed by several persons, who threatened him. The crowd grew rapidly into a mob, until the whole street was filled. The people hurled insults at the officers and soldiers, and declared that they would have killed them. The officers, however, boarded a street car and escaped.

CANDLING OF EGGS

Live Stock Commission Issues Good Pamphlet.

As regards quality, an egg is one of the most difficult of food products to grade. Fortunately an egg is semi-transparent when held before the light, and permits, if carefully rotated, of even minor defects being seen. Many applicants for commercial and private use have been invented for the detection of bad eggs, and it is now possible for anyone with a little practice to tell at a glance the main points between good and bad eggs.

In order to teach the proper methods of examination, there has been prepared, under the direction of the Live Stock Commission, a pamphlet entitled "The Candling of Eggs," which is No. 3 of the Live Stock Division, points out clearly that the size of the air cell, the consistency of the albumen, the color and mobility of the yolk, and the general transparency of the whole egg are the factors most generally recognized as determining the quality. It also explains the construction of a simple home-made device which gives excellent satisfaction in the testing of eggs.

This pamphlet, which can be secured by making application to the Publications and Distribution Department of Agriculture, Ottawa, concludes with the following paragraph: "Storekeepers will find it to their advantage to acquire a facility in candling, and it is recommended that every housewife should provide herself with a simple candling appliance, by the diligent use of which she may safeguard her family from unsatisfactory occurrences at the breakfast table."

SOUTH AFRICAN RAIL STRIKE

Johannesburg, Jan. 6.—A strike of 35,000 South African State railway employees has been called today. The men will go out Wednesday at midnight, as a protest against the dismissal of some of the employees under the Administration's policy of retrenchment. Attempts have been made during the past week to settle the dispute, but the Government has refused to reinstate the men.

As the National Coal miners are still on strike the situation is extremely grave.

MURDERED.

Put right out of business, a whole lot of them, and no effects whatsoever were expected.

CONFERENCE FAILS

Home Rule Discussion Ends in Nothing.

London, Jan. 7.—The conference between Premier Asquith and the Opposition leader, Andrew Bonar Law, on the home rule question has broken down, according to the Morning Post, which says there may possibly be a further interview, but that any hope of a compromise must be abandoned. Mr. Asquith having refused to meet the demands of the Unionists for the exclusion, even temporarily, of Ulster from the operation of the home rule bill.

The Post represents the Prime Minister as having been personally inclined to accede to the temporary exclusion of Ulster, but declares that he was overruled by John Redmond, Joseph Devlin and John Dillon.

The Right Hon. Thomas Wallace Russell, speaking at Strathane, County of Tyrone, last night, warned the Unionists that if any trouble arose in Ulster the Government would involve the crime, act by giving twenty-four hours' notice. He added that the home rule bill would be passed by midsummer.

MEET NEXT MONTH

Ontario Cabinet Prepares to Call Legislature.

Impossible for Premier to Lead the House.

Toronto, Jan. 7.—Although preparations for the coming session of the Legislature have been more or less delayed on account of the illness of Sir James Whitney, there was a meeting of all members of the Cabinet available yesterday, when the whole situation was discussed at some length. There were present Hon. J. J. Foy, Hon. W. J. Hanna, Hon. W. H. Hurst, Hon. Jas. S. Duff and Hon. J. R. Lucas. While an official announcement was forthcoming, and in fact no date for calling the House through was fixed, it is believed that the Legislature will open about the second week in February.

This, of course, depends entirely upon what turn circumstances may take in the meantime. It is learned that the Cabinet have accepted the dictum that it is out of the question for Sir James Whitney to lead the House this year. Whatever the indications of the Premier may be in the event of his recovery in time, there is no doubt that the physicians will forbid any participation by him in the proceedings of the House. Rest and an entire convalescence are his only and anxiety will be secured for him.

The legislative programme this year does not promise to be extensive. The bill to provide compensation to workmen for injuries has been one of the most important. Further legislation respecting the construction of radial railways by the Hydro-Electric Power Commission will be sought, and an amendment of the existing law, and the revenue of the crown, of which notice has already been given. The road programme and an augmented railway tax are other matters that will have to be dealt with.

While outwardly the Government is making time pending some decisive turn in Sir James Whitney's condition, there will be no further delay in the preparations for holding the session, so that prompt action may be taken when the opportunity arises.

HAD RESTFUL DAY

Premier Whitney Holding His Own in New York.

Friends With Him Seem More Hopeful.

"New York, Jan. 6.—Sir James Whitney had another restful day with no material change."

"R. A. PYNE."

New York, Jan. 6.—Sir James Whitney, the Premier of Ontario, who is ill with heart disease at the Hotel Manhattan, continues to hold his own. The bulletin issued at nine o'clock tonight was brief. Dr. R. A. Pyne, the Premier's family physician, said merely: "Patient has had another restful day. With no material change."

Dr. Pyne, the Premier's secretary, declined to interpret the bulletin, but in his conversation, as well as in that of Dr. Pyne, during the day there was apparently a note of hopefulness.

It was stated at the Manhattan today that Sir James had shown no interest in public affairs during the day. While those in attendance discouraged this tendency, they reported it as distinctly encouraging.

During the day Dr. Pyne left the hotel for a visit to some friends. He, too, was counted a hopeful sign, as the Ontario Premier has had at least one restful day. He has been in the neighborhood to get a breath of fresh air. Lady Whitney, however, has been unremittent in her attendance, and has refused all the solicitations of other members of the party, who urged her to take some outdoor exercise.

The private nurse, who has been with him some days ago, when it was expected that Sir James would be ready to leave in a day or two, is still kept in readiness in the New York Central yards, within a block of the hotel. It was expected today, however, that it was out of the question to remove the distinguished patient for the present, as the least excitement might affect him seriously.

SUGAR AIDS HEART ACTION.

Paris, Jan. 6.—The injection of sugar into the veins of patients apparently dying from heart failure and exhaustion from various diseases not only restores the heart action, but produces a remarkable improvement in the general condition. Such is the result of a communication from Dr. Enriquez, of the Hospital de la Pitié, to the Academy of Medicine, tonight. The results in many cases are said to have been almost miraculous, and no effects whatsoever were expected.

IRISH SECRETARY'S ESCAPE.

Dublin, Jan. 6.—A bullet was fired through a window of Dublin Castle early this morning immediately under the room of Chief Secretary for Ireland Augustine Birrell. It is believed that it was fired from an airgun, as the sentries and the police, the devoted

service of which is nearly, heard no report. The authorities think it was done as a protest against the constitution of a police commission to enquire into the recent disorders.
